HIV Pharmacy Specialist and
a Senior Lecturer at the
University of Zimbabwe.

Title of presentation:

Promoting medication safety
in patients transitioned to new
drug regimen.

Speaker Profile

Dr Monera is an HIV Pharmacy Specialist and a Senior Lecturer at the University of Zimbabwe. Her research interests lie in the development of clinical evidence for the safe integration of herbal and conventional medicine in HIV care settings. Dr Monera assisted in the establishment of the Parirenyatwa Centre of Excellence for HIV treatment and care. In her 3-year stint as the Pharmacy Manager for AHF Zimbabwe, she developed and oversaw the implementation of pharmaceutical care, pharmacovigilance, supply chain, training and research initiatives to improve the quality of care of people living with HIV managed at the clinic.
