Raising patient voices as a path way to quality and safe care in Africa

August 25th, 2022

	Name:	Ziwa Hillington Musoke
	Designation:	Strategy and Programs Development, Community Health and Information Network
	Title of presentation:	Case study on patient engagement and empowerment; Community Health and Information Network

Speaker Profile

Ziwa Hillington, is a business management expert and social entrepreneur based in Uganda. For 10 years, Ziwa has worked with expert teams and local community members to innovate and advance strategies for distribution of life goods and services at the last mile in Africa.

In 2009, he joined Community Health and Information Network (CHAIN), as community support volunteer, and now he does pro-bono consulting on strategy development with a focus on blending philanthropy and social entrepreneurship to improve access to quality health care for last mile communities.

He is also the social entrepreneur managing Green Bio Energy social business in Uganda, where he has worked for 10 years.
